Comments

We do not ask you to contact us via an automated web-based form. Therefore, no data will be collected from you in this way. Instead, we ask you to physically contact us by other methods stated on our "Contact Us" page.

Cookies

If you visit our login page, we will set a temporary cookie to determine if your browser accepts cookies. This cookie contains no personal data and is discarded when you close your browser. When you log in, we will also set up several cookies to save your login information and your screen display choices. Login cookies last for two days, and screen options cookies last for a year. If you select "Remember Me", your login will persist for two weeks. If you log out of your account, the login cookies will be removed.

Embedded content from other websites

On our "Friends of PAES" page, we provide links to external websites. You should be aware that these websites may collect data about you, use cookies, embed additional third-party tracking, and monitor your interaction with that embedded content, including tracking your interaction with the embedded content if you have an account and are logged in to that website.

How long we retain your data

We do not collect data on you via our website. If you wish to become a member, we have a separate form included on the "Join Us" page. As it is not an interactive web-based form, you need to print it off, fill it in with your details and send it back to the address on the "Contact Us" page, or bring it along with you to a meeting. The data we collect on that form is retained under secure conditions by the person who logs membership details. You should know that no other data is collected on you, and the details on the membership form are what we keep for our records for a particular membership season. We suggest you contact us, if you would like to know more about how this is done.

What rights you have over your data

If you are a member, and have completed the membership form, under data protection you can request to receive a file of the personal data we hold about you, including any data you have provided to us. You can also request that we erase any personal data we hold about you. This does not include any data we are obliged to keep for administrative, legal, or security purposes.
